Our Name Says It All: USCCA – For Saving Lives Action Fund

We educate and energize gun owners to influence the political process and create awareness of issues impacting responsible American gun owners. Our goals are not just to educate, train, and save lives, but to take that work directly to Washington D.C.

AFFIRMING YOUR RIGHT TO PROTECT

We will affirm the right of law-abiding gun owners to protect their families.

ADVOCATING FOR IDEAS THAT SAVE LIVES

We will advocate for long-overdue policy solutions like national concealed carry reciprocity.

Concealed carry saves lives. Whether it's yourself, your family, or your community, everything around us is safer when a responsible gun owner is carrying. That's why we're working to promote legislation that affirms responsible gun owners' right to protect their families and to defend our God-given and constitutionally guaranteed right to keep and bear arms.

Legislative Priorities – Support

Our #1 Legislative Priority

H.R.38 – Concealed Carry Reciprocity Act

- Sponsored by Rep. Hudson (NC-09), this bill allows an individual who is able to carry a concealed firearm in one state to carry or possess a concealed handgun (other than a machine gun or destructive device) in another state that allows its residents to carry concealed firearms.
- USCCA – For Saving Lives Action Fund believes the right to keep your firearm on hand shouldn't stop at just your home or property. Your right to defend yourself and your family shouldn't disappear because of geography – it should be honored wherever you go.
- **Companion Bill S.65** – Concealed Carry Reciprocity Act, introduced in the Senate by Senator Cornyn.

H.R. 223 – Preventing Unjust Red Flag Laws Act

- Sponsored by Rep. Crenshaw (TX-02), this bill prohibits the use of federal funds to implement or enforce red flag laws. The term red flag law references an order that allows firearms to be temporarily removed from a person's possession if the person is believed to be a danger to themselves or others.

This bill provides a prohibition on funding in two ways:

1. Funds made available for any Federal department or agency may NOT be used to – implement or enforce Federal red flag laws or
 2. provide assistance to States, local, tribal, or territorial government departments or agencies for the implementation or enforcement of red flag law
- USCCA - For Saving Lives Action Fund believes that his legislation is a step in the right direction by ensuring federal funds are not used to implement red flag laws which we fundamentally oppose.

H.R. 1643 – Age 21 Act

- Sponsored by Rep. Thomas Massie (KY-04), this bill would lower the minimum age to purchase a large-capacity ammunition feeding device or semiautomatic assault weapon from 21 to 18 years of age.
- USCCA For Saving Lives Action Fund believes that this bill would help individuals between 18-20 years old to protect themselves and their families.

H.R. 45 – Firearm Industry Nondiscrimination (FIND) Act

- Sponsored by Rep. Bergman (MI-01), this legislation will end the ability of corporate entities to profit from taxpayer-funded federal contracts while discriminating against a Constitutionally-protected industry at the same time.
- USCCA – For Saving Lives Action Fund believes in freedom of speech, and while corporations may hold anti-Second Amendment positions they should then forfeit access to lucrative federal contracts

H.R. 1224 – Protecting the 2nd Amendment in Financial Services Act

- Sponsored by Rep. Andrew Ogles (TN-05) - to prohibit the use of a merchant category code that separately identifies firearms merchants or ammunition merchants, and for other purposes.
- USCCA For Saving Lives Action Fund believes that this bill will protect the privacy of American purchases in regards to firearms and ammunition.

H.R. 70 – No SmartPay for Anti-2A Companies Act

- Sponsored by Andy Biggs (AZ-05), this legislation will prohibits the General Services Administration from awarding a contract under the SmartPay Program for the procurement of a commercial payment system that uses a payment processing agency that has implemented a merchant category code for gun retailers.
- USCCA – For Saving Lives Action Fund believes every responsible gun owner should be able to privately purchase firearms to protect their loved ones – without unfair financial tracking or discrimination.

H.R. 563 – No Retaining Every Gun In a System That Restricts Your Rights Act

- To amend title 18, United States Code, to discontinue the collection by the Federal Government of firearm transaction records of discontinued firearms businesses, to require the destruction of such already collected records, and for other purposes. Sponsored by Rep. Michael Cloud (TX-27)
- USCCA For Saving Lives Action Fund believes that gun owners should have their privacy respected in respects to firearms purchased from discontinued businesses.

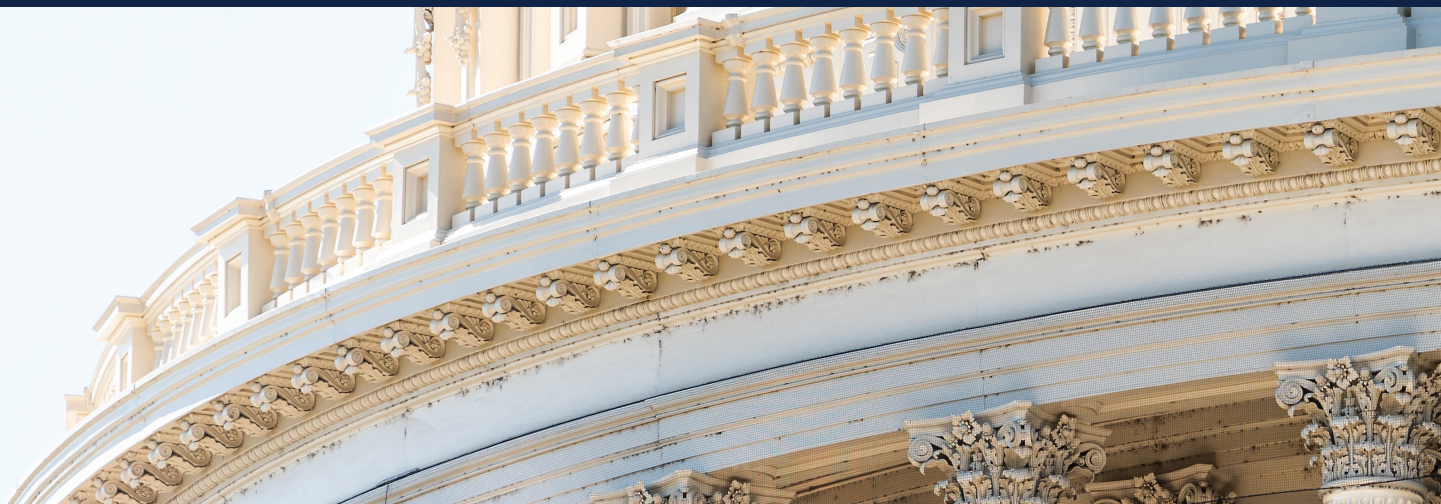

Legislative Priorities – Oppose

S.597

- Sponsored by Sen. Alex Padilla (D-CA) – A bill to amend Title 18, United States Code, to prohibit the purchase of certain firearms by individuals under 21 years of age, and for other purposes.
- USCCA For Saving Lives – Action Fund believes that this would leave individuals from 18-20 years old unable to protect themselves and their families. It is unconstitutional to deprive these young adults of their Second Amendment rights.

H.R. 1307 - To Establish the Office of Gun Violence Prevention

- Sponsored by Maxwell Frost (FL-10), this bill would establish the Office of Gun Violence Prevention.
- USCCA - For Saving Lives Action Fund believes America deserves firearm organizations that protect their Second Amendment rights rather than stripping them away

S.889

- Sponsored by Sen. Richard Blumenthal (D-CT) - A bill to support State, Tribal, and local efforts to remove access to firearms from individuals who are a danger to themselves or others pursuant to court orders for this purpose.
- USCCA - For Saving Lives Action Fund believes that this bill is similar in purpose to red flag laws, removing firearms from citizens with little oversight into their Second Amendment rights.

It's Time for YOU to Take Action!

We're committed to educating you on the most important pieces of legislation moving through Congress.

Take action by scanning the QR code below to send a pre-written letter to your representatives in Congress urging them to support the most critical piece of legislation to empower American gun owners, Constitutional Concealed Carry Reciprocity Act

Dear [Lawmaker],

I write to demand your support for national concealed carry reciprocity legislation. I stand with the U.S. Concealed Carry Association for Saving Lives Action Fund in support of this legislation that will keep Americans and their loved ones safe.

Too often, families visiting out-of-state relatives or business professionals traveling for work get caught up in unknowingly criminal situations due to convoluted concealed carry permit laws. The right to keep your firearm on hand shouldn't stop at just your home or property. Your right to defend yourself and your family shouldn't disappear because of geography – it should be honored wherever you go.

Why should something so consequential as being able to defend your family's safety be in jeopardy simply because you crossed from one state to another? That's why we need Constitutional Concealed Carry Reciprocity laws in the United States.

Constitutional Concealed Carry Reciprocity is a long overdue solution to help more Americans protect themselves and their families. It's time for elected officials on both sides of the aisle to stand with responsible American gun owners who chose to be their family's first line of defense.

I urge you to make our voices heard and support this important legislation. Now Is The Time For Constitutional Concealed Carry Reciprocity!

Sincerely,

[Your Name]

It's Time for YOU to Take Action!

Take action by scanning the QR code below to send a pre-written letter to your representatives in Congress urging them to support the most critical piece of legislation to empower American gun owners, Constitutional Concealed Carry Reciprocity Act

Dear [Lawmaker],

I am writing to you today with strong support for the Firearm Industry Nondiscrimination (FIND) Act that has been introduced in the United States House of Representatives as H.R. 45 and urge you to vote YES if this bill is brought to the House floor for a vote.

This legislation will end the ability of corporate entities to profit from taxpayer-funded federal contracts while discriminating against a Constitutionally-protected industry. No longer will corporations be able to deny citizens access to their Second Amendment rights while profiting from tax-payer-funded contracts.

This legislation does not tell companies with whom they must do business. However, just as companies can choose who they wish to do business with, so can the government when it spends taxpayer money. For far too long, corporations have engaged in "boardroom gun control" to force firearm businesses to adopt measures that would restrict Americans' Second Amendment rights. Corporations are free to hold these anti-Second Amendment policies if they choose but would forfeit access to lucrative federal contracts.

As your constituent, I ask that you accurately represent my views and support the Firearm Industry Nondiscrimination (FIND) Act to restore responsible Americans' rights to defend their family with a firearm.

Please act quickly in support of our freedoms.

Thank you,

[Your Name]
